Centara is one of the fastest point-of-sale systems on the market. Lower total cost of ownership and improved productivity are the main elements to look forward to when setting up Centara.

Flexible on-screen menus and tailor-made manager functions along with extensive reporting abilities and reliability, give Centara the leading edge managers are searching for when choosing a system.

Intuitive design and user interface cuts down training time enabling managers to make the most of the system and allows for effortless sales, adding items or adjusting prices.

The system operates on most known POS hardware and easily communicates with other software.

FAST AND EFFICIENT

Establishments all over the world enjoy the benefits of Centara’s innovative solutions, whether it is for drive-in, delivery, take-out, dine-in or all of the above.

Centara offers a multitude of features that are essential for fast service: Quick sign-in, fast access to all sales, easy tendering and adaptable menus.

Quick sign-in is available with various methods such as sign-in with one keystroke, secure sign-in with PIN number, special hardware sign-in, scanned sign-in or swipe card sign-in.

SPEED AND FLEXIBILITY

Centara allows staff at busy establishments to provide efficient service by suspending the sale at one terminal and retrieving it at another thus increasing their flexibility and speed of service.

COMPANY "LOOK AND FEEL"

The design with flexible on-screen menus and different start-up menus for different locations or cashiers, can easily be tailored to suit the requirements of each operation.

CUSTOMER CENTERED

State of the art discount offer module enables complex discounting of specific items in line with local VAT regulations.

Centara enables restaurants to construct "Happy hour" specials and offers such as combination meals or other "Mix n'Match" offers like "2 for the price of 1", to name a few.

All discounts and special offers can be managed from a centralized base.

Centara also supports various stored value items like vouchers, electronic gift cards and coupons.

REPORTS FOR ANALYSIS AND PLANNING

Centara offers a number of options when it comes to viewing and analyzing sales data. Standard reports show the key performance indicators such as the most popular sales items, profit margins, discounts and promotions, etc.

Reports can be collected from various locations and sent to headquarters. This can be done daily or more frequently.

SUPERIOR PERFORMANCE – ALL THE TIME

Centara has built-in redundancy features that allows staff to keep serving customers even if other connected systems go offline.

Centara is based on Microsoft SQL and .NET technologies and is certified ARTS data model conformant. The technology platform guarantees a reliable and proven architecture.
